MEMORANDUM FOR: Deputy Director (Administration)

FEB 8 1955

SUBJECT: Charges for Excess Household Effects Weight;

[REDACTED] 25X1A9A

25X1A9A

1. Attached is a request from [REDACTED] of my Plans and Policy Staff, requesting a reversal of the decision that resulted in a charge to his account of \$91.61 for shipment of excess weight of household effects from overseas.

2. Members of my staff have investigated this claim and have arrived at the conclusion that it should receive a favorable administrative decision. Facts bearing on the case other than those presented

25X1A9A by [REDACTED] are as follows:

a. It is clearly the intent of this Agency to allow its employees to ship larger quantities of household effects (see proposed [REDACTED] or to expend Agency funds to bring furnished quarters up to adequate standards [REDACTED].

b. This claim is not an isolated case as several others were uncovered during our investigation. Therefore, if the Agency is taking a practical approach to create benefits for a true Career Service Staff, past claims or decisions such as subject's must be adjudicated with the employee's welfare in mind.

allowance, no charge was made for transporting [REDACTED] household effects to Washington, D. C. Therefore, it seems very inconsistent for this Agency, to impose a charge for excess weight from the Washington storage point to the home of the employee.

3. If additional information is needed to substantiate the requested decision, my staff will assist you as required.

[REDACTED]  
Assistant Director for Communications
